Scores will show on the student's dashboard and are available for instructor review as well.

Once the student has completed all of the sections, they will be required to take a final exam, which is in a multiple-choice format. This exam will be taken online and graded in real time. A passing grade of 75% / (P) or greater is required. Students will receive their grade instantly and if they do not pass, by receiving a score less than 75%, they will have a minimum of 24 hours to study and review before they will be allowed to retake their exam. For ease of learning, we suggest students print out their work at the end of each section. This will make reviewing material much easier. We suggest using a binder with tabs.

Timelines and Completion

This course is set up for students to complete at their own pace. Some students will do it faster than others will; however, it is important that a student takes it at a speed most beneficial to their own comprehension. Students will read the material, review the exercises, and successfully pass both the quizzes and final exams with a minimum score of 75% / **(P)**. Each student is encouraged to systematically move through the material.

Important Dates and Information

A student will have thirty days from their enrollment agreement date to study and complete all materials and pass all quizzes as well as the final exam. All students will be assigned a course instructor at the time of course registration. Students are expected to log in to their online course at least once a week. If the student has not logged into their account, access will still be provided. Students are expected to complete the course in thirty days. Each student is encouraged to contact the instructor whenever the student feels that contact with the instructor will be helpful. The student may contact the instructor via mail, email, or phone with information provided at the time of registration. To be eligible to register a student must be 18 years of age and have the ability to read and comprehend the English language. The student must pass a short assessment to confirm their comprehension of the English language prior to purchasing the course.

A new student will be required to give personal information to verify their identity and will be given a secure login code. Students will be required to verify their login credentials prior to testing. Test scores will be tracked and accessible by both student and instructor.

One-Time Extension
